

Iron Maiden.

Spec Sheet

Five
At
Heart

Official Patent and Design Numbers (either pending or granted)
Australian patent no. 2019240723 | Great Britain design no. 6073090

The first Ironing Station specifically designed for the heavy duty needs of commercial change rooms.

Iron Maiden.

Product Performance

Ironing board shape suits both left and right handed users.

The ironing board is securely fixed to a ground mounted post to provide stability during use. It does not fold away, as this would compromise its stability & usability.

Accessible shelf for storing the iron when not in use.

Hanging rails allow garments to be hung while ironing multiple items.

Ironing board is positioned parallel with the lockers to maximise space and flow.

Material

Laminated MDF door (AUS: E0 MR)
(with extensive colour range)

White particleboard carcass (AUS: E1 MR)

Moisture resistant base with black finish

Steel ironing board with black powder coat finish (colour **not** customisable)

Specification

Bulkheads available at additional cost

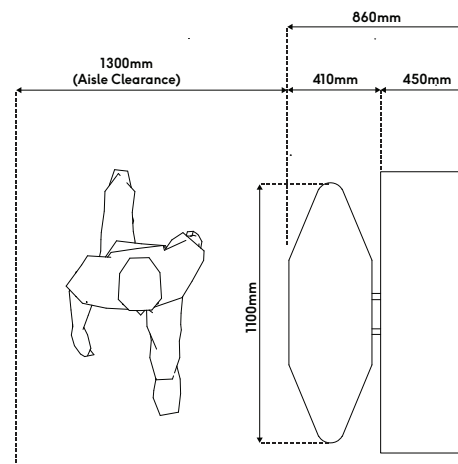

1x ironing board cover included
(colour **not** customisable)

2x black hanging rails included
(Specify your preferred rail and we will price it accordingly, subject to local availability)

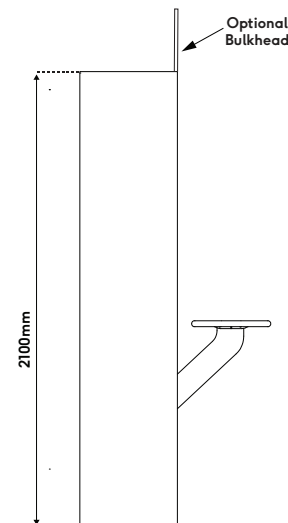

Power point, timer switch and iron **not** included. Electrical connections by others

Iron Maiden. (Trim)

Product Performance

The trim version has a smaller joinery footprint, making it a suitable option for facilities with limited space.

Ironing board shape suits both left and right handed users.

The ironing board is securely fixed to a ground mounted post to provide stability during use. It does not fold away, as this would compromise its stability & usability.

Accessible shelf for storing the iron when not in use.

Ironing board is positioned parallel with the lockers to maximise space and flow.

Iron Maiden Warranty and Technical Data

Warranty Information

Five At Heart's Iron Maiden comes with a standard 7 year warranty, effective from the hand over date.

For the warranty period, we warrant that the equipment (and any materials) we supply will comply with the relevant standards at the date of installation.

This warranty is limited and may be excluded in part or in full in light of user damage or failure to install to Five At Heart specification.

We recommend a monthly visual inspection for signs of damage or need for cleaning.

Contact Five At Heart in the event of product damage.
Iron subject to manufacturer warranty.

Disclaimer

Images may differ from actual product and specifications may change with-out prior notice. Five At Heart is not liable for the structural integrity of the substrate and any queries should be directed through the project engineer.

Manufactured to metric dimensions.

Installation Requirements

AUS: Lockers/auxiliary units require a minimum of 16mm at the end of each nib wall for filler panels and 50mm for corner fillers.

UK/Europe: Lockers/auxiliary units require a minimum of 25mm at the end of each nib wall for filler panels and 50mm for corner fillers.

Base plate and fixing nuts must be sealed to the substrate using Sikaflex Pro+ Polyurethane Sealant or equivalent.

Fixing options and details for Ironing board

Fig 1 M16/95mm galvanised sleeve anchor

Substrate requirements

Concrete – 160mm thick and in good condition

Power Requirements

Standard AC power supply required for power point, iron and 15 minute timer switch. Cut outs in joinery included (**Power point, timer switch and iron not included**). An electrician will need to connect on site (**done by others**).

See **Fig. 2** for the cut out locations for power connections for full size Iron Maiden unit (trim version has no cut outs).

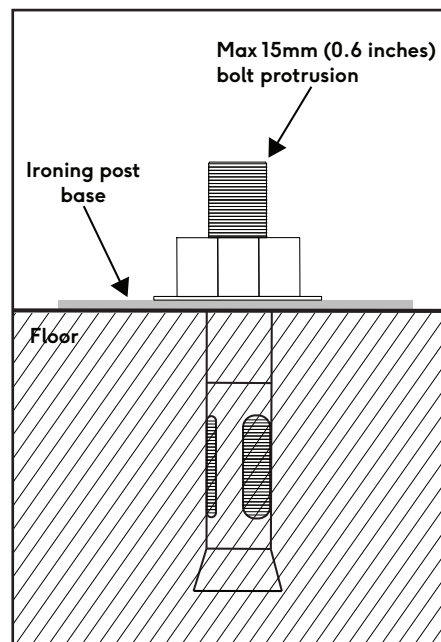

Fig 1 M16/95mm galvanised sleeve anchor

Maintenance Requirements

If any moving parts appear to be malfunctioning, discontinue use and contact Five At Heart.

Cleaning

For general care and maintenance, simply wipe away most spills or marks with a damp cloth, or wipe clean with non abrasive household cleaner.

Do not submerge product at any point.

Avoid scourers and abrasives as they will damage the surface.

Do not use waxes or polishing products as they dull the natural shine.

Contact Five At Heart for replacement ironing board covers.
